VOL. VIII. RENO, WASHOE COUNTY, NEVADA, SATURDAY, JANUARY 31, 1880. NO. 107.

CURIOUS AVERSIONS.

The secretary of Francis I. used to stop up his nostrils with bread if he saw a dish of apples, to prevent an otherwise inevitable bleeding of the nose.

A Flemish damsel was sadly troubled by an uncomfortable aversion to the smell of bread. Cheese, mutton and ambergris have been so repugnant to some nasal organs as to send their owners into convulsions.

Gretry, the composer, could not endure the scent of a rose, neither could Anne of Austria. The mere sight of the queen of flowers was too much for Lady Heneage, bedchamber woman to Queen Elizabeth; indeed, Kenelm Digby records that her cheek became blistered when some one laid a white rose on it as she slept. Her ladyship's antipathy was almost as strong as that of the dame who fainted when her lover approached her wearing an artificial flower in his buttonhole.

A violet was a thing of horror to the Princess de Lambelle, tansy was abominable to the Earl of Barymore, Scanger grew pale before the water cress, and a soldier who would have scorned to turn his back on a foe, fled without shame from a sprig of roe.

A poor Neapolitan was always seized with a fit on attempting to swallow a morsel of flesh meat of any kind, and nature thus condemned him to vegetarianism, a sorer infliction than that suffered by the lady who could not taste beer without her lips swelling to uncomfortable dimensions.

Dr. Prout had a patient who declared honest mutton was as bad as poison to him. Thinking this was all fancy, the doctor administered the obnoxious meat to him under various disguises, but each experiment ended in a severe vomiting fit.

Another unfortunate individual always had a severe fit of gout a few hours after eating fish, and a Count d'Aarmstadt never failed to go off in a faint if he knowingly or unknowingly partook of any dish containing the slightest modicum of olive oil. A still worse penalty attached to lobster salad in the case of a lady, for if she ventured to taste it at a dancing party, her neck, before returning to the ball room, would be covered with ugly blotches, and her peace of mind destroyed for that evening.

NEWS ITEMS OF INTEREST.

Rev. S. P. Barker of Brantford, Canada, recently referred in very uncomplimentary terms to the choir, when the leader arose and replied that if any more insults were offered he would "turn on the organ and drown Mr. Barker's voice."

An enterprising English four-year-old in Willhoughton got hold of a bottle about half-full of gin, a fortnight ago, and drank about half of the contents. His mother, finding the child smelt strongly of gin, accused him of having been at "dad's bottle." He nodded assent, but said nothing. He was put to bed, slept, but awoke in convulsions, and, though a doctor was at once called in, he never rallied.

A showman from the United States purchased a circus that was on a tour in Mexico; and substituted the Stars and stripes for the Mexican flag that had been flying from the tent pole. This was in Chihuahua, where the hatred of this country is intense. A mob undertook to haul down the new flag, but the managers and his performers drove them off. That night a regiment of local soldiery demolished the whole show, and the company were compelled to flee for their lives.

The Word "Sozodont."

Which has already become a household word, is derived from the Greek, and is composed of two words, Soze and Odontes. "Soze" translated, means to preserve, and "Odontes" the teeth—"SOZODONT" a preserver of the teeth. And it is true to its name. It beautifies and preserves the teeth, hardens and invigorates the gums, and corrects all impurities of the breath. The odor of this pure preparation is so delightful that it is a luxury to apply it. It is as harmless as water. Sold by druggists and perfumers.

The Reason Why.

How is it, May, that all the kid gloves worn at the Leap Year party, came from A. Strassburger & Co's.?

Because they have the best fitting gloves, from 7 to 12 buttons, and the loveliest shades in the State, and furthermore, they warrant every pair of gloves they sell, and their prices are very reasonable indeed, Frankie. jan19

A COMSTOCK CENSOR.

The Virginia *Chronicle* of last evening is somewhat severe upon the officials of Washoe county in general and the local press in particular.

For a newspaper of such a reputation for conscientiousness as that enjoyed by our esteemed Comstock contemporary, the *Chronicle* makes some surprising statements. For instance, it says: "The Grand Jury find that most of the officials who have had the least chance to do so have been charging exorbitant and grossly illegal fees."

We fear that the *Chronicle* could not have read the report very carefully. So far from any such finding, the report distinctly says:

"Our researches develop the fact that we have an exceptionally good average of county officials."

The Grand Jury, in touching upon the subject of fees, did not charge dishonesty upon any of the officials. The fees referred to have been a subject of dispute, on which there is a difference of legal opinion and an apparent conflict of legal authority. The whole matter awaits adjudication by the District Court. Moreover, the only county officials referred to in this connection by the Grand Jury are the sheriff, coroner and constable.

The *Chronicle* refers rather acrimoniously to our County Commissioners, and stigmatizes the Wadsworth bridge as a job, and says that "the county, has lost $1,500 by the transaction, because citizens of the county were willing to do the work that much cheaper. Upon mature reflection it may occur to our usually thoughtful contemporary that cheapness is not always the measure of economy.

Our Wadsworth correspondent, who should be disinterested, in a letter published in the GAZETTE a few days since, stated that the bridge was entirely satisfactory to the citizens of Wadsworth, who should be the first to complain if it is "a job."

As regards the county printing, the GAZETTE has already pointed out the injustice of the reflections made by the Grand Jury.

In reference to the injurious and aggressive allegation of the *Chronicle*, that the press of this county is controlled by a ring, speaking for ourselves, we have only to say that the charge is untrue. We fear that in its warm zeal for the prosperity of this county, our honest, disinterested and truthful contemporary has been betrayed into doing us an injustice.

THE "RUSTLER" UNDAUNTED.

The Ogden Morning *Rustler* has come to hand with full particulars of the late tar and feathering of its reporter, Mr. King. The *Rustler* is in no wise daunted, for it heads its account of the "inhuman outrage" with "Twenty Cowardly Bastards Tar and Feather Mr. King," and begins its narrative as follows:

"About 12 o'clock last night some two dozen slimy scoundrels, undeserving the name of human beings, filed up the stairs into the front office of the *Rustler* building, and grasping Mr. Charles King, as he sat in his chair in the sanctum, carried him out of the room and down the stairs."

The subsequent proceedings are thus pathetically described:

The wretches were all masked and were evidently bent on mischief. Mr. King struggled to free himself, and finally succeeded in doing so; but was speedily re-captured, gagged and dragged around behind Hodgman's old harness shop, where they consumated the fiendish object of their double-dyed villainy, by tarring and feathering their innocent victim. They shortly afterward stopped short in their work, and all fled like the damnable cowards that they were, leaving Mr. King in a most uncomfortable, not to say suffering condition. In fact, he was so overcome by the inhuman outrage as not to be able to proceed with his work for the night.

The *Rustler* thus announces its programme for the future:

"If these dastardly, white-livered fiends of hell think to intimidate the Morning *Rustler*, its editors or proprietors, they are mistaken. For we will at all times hereafter, as we have in the past, show up and thoroughly rentilate all of the slimy doings of the pimps and ——— ——— with which Ogden is infested, and will defy anyone interested in the preservation of peace and order to show where we are wrong in so doing."

"We propose to make our office a stronghold; and would not advise any malliciously-inclined individuals to attempt to enter it by force again. All doing so will enter at the peril of their lives, and we will not be responsible for the consequences."

It appears that the affair was an unwarranted outrage, perpetrated by bad characters, in revenge for the *Rustler's* exposure of their evil doings. Mr. King deserves the sympathy of the press and the public.

TROUBLE AT PYRAMID LAKE.

It is reported about town that the new Indian Agent at Pyramid Lake has given some of the old white dwellers by the shore notice to quit, on the ground that they are within the limits of the Indian reservation. Dr. Woods, the Whiteheads and Mullin have lived there and cultivated their farms for many years in undisturbed possession. It is believed that they have a valid title to the ground they hold. If the report prove true they will be obliged to make good their rights in a court of law. The Indian Agent seems disposed to give trouble.

We reserve any extended comments upon this matter until in possession of the exact facts in the case. The GAZETTE has frequently pointed out the folly of setting apart such a magnificent lake as Pyramid, teeming with fish, and the lands around it, for the use of a handful of worthless Indians who are not living and never will live on the reservation.

Should the Indian Agent have taken such action against the white settlers, the whole matter will undoubtedly soon be submitted to the Interior Department. On proper representation of the facts it is probable that Secretary Schurz will agree to narrow the limits of the reservation. At any rate, he will see that no injustice is done the respectable white citizens who have lived so long at the lake.

EDISON'S ELECTRIC LIGHT.

This is what Edison has to say in regard to his electric light: "When Sir Humphry Davy, the famous English chemist, was apprised of the project of forcing carburetted hydrogen gas through a system of pipes for purposes of illumination, he laughed in derision. Nevertheless illumination by coal gas proved to be a great success. My project for the subdivision of the electric light is treated in like manner by all those persons who are profoundly ignorant of the system which I am day by day perfecting. It is a singular fact that persons conversant with the subject, after inspecting my laboratory, are ready to allow that I am all right as far as I have gone. I ask no more."

"Mr. Edison, remarks the *Sun*, "insists that the only question now is of the perfect formation of the glass globe of his lamps. This, he says, will soon be brought about. Notwithstanding the occasional unfavorable reports of Mr. Edison's experiments, as published, the company of capitalists who are backing him seem not to lose confidence in the inventor's ability to do all that he promises."

EDITORIAL NOTES.

Said the N. Y. *Tribune* yesterday: "E. B. Washburne denies that he is a candidate for the Governorship of Illinois, and also that he stands in any other relation to the Presidential canvass than that of a supporter of Grant. He feels so sure that Grant will be tendered and will accept the nomination, that any talk of possibilities and contingencies does not concern him in the least."

Under the terms of the contract with the Panama Railroad Company, the Pacific Mail Steamship Company, can well afford to carry cabin passengers at $75 and steerage passengers at $40 from New York to San Francisco, and at the same time realize a handsome profit. These will be the new rates to go into effect shortly. The present fare for first-class cabin passengers is $130.

A day or two ago at Ottawa, Canada, a grave-digger had thrown three or four shovelfuls of sand on the coffin of a small-pox victim, when he fancied he heard a noise. The coffin was opened and it was found that the person still lived. He was taken back to the hospital.

The Maine miners get only $1 25 per day. When that big mining boom, which Prof. Stewart has predicted, begins in Maine next spring, there will not be many Comstock miners found on the ground. To the miner on the Comstock, who works for nothing less than $4 per day, $1 25 must seem like starvation wages.

The San Francisco *Alta* says: "A majority of the "straws" favor Blaine for President. It doesn't follow that he will be nominated. Three months before the National Convention, two-thirds of the Republicans favored Blaine, and hardly any one outside of Ohio had heard of Hayes."

The sale of 50,000 shares of Central Pacific stock kicked up a great deal of dust in the New York Stock Exchange yesterday. The first sale was at 81¼, with an advance to 87½ in fifteen minutes. The closing sale was at 85.

The Congressional Committee on Postoffices has decided not to interfere with Wells, Fargo & Co.'s mail service on this coast. And that is the best decision the committee could have made in the matter.

Seven Fusion senators and 22 Fusion assemblymen have taken seats in the Republican Legislature of Maine. No further trouble is anticipated.

Blaine is receiving great praise for his good management and hard work during the late difficulty in Maine. He will have a big banquet in Washington in a few days.

It is rumored that a Russian transport vessel with 2,000 troops aboard has been lost in the Caspian sea, and that most, if not all of the soldiers have perished.

Horatio Seymour, whom many Democrats favor for the Presidency, is in his seventieth year, and his faculties are said to remain almost undimmed.

The Washington *National Republican*, which has been for Grant first, last and all the time, begins to show signs of flopping over to Blaine.

The strength of the German army on a peace footing, as shown by the military budget of 1880—81, is 17,237 officers and 401,659 men.

Skating Pioneer.

The Truckee *Republican* of this morning says: There are seven inches of snow on Donner. Teeters, Bill Irwin and others have been clearing it for the last two days, with shovels and scrapers. They are clearing a rink nearly a mile in circumference, and it will be ready for use to-day. Where the snow is shoveled off, the ice is excellent for skating. Irwin will run his regular sleighs for the conveyance of those wishing to go out there.

Carson for Blaine.

Carson *Tribune*: A canvass of two hundred Carson voters, taken on the street yesterday at hap hazard, shows the following as their present political preferences: Republican—Blaine, 88; Grant, 28, Sherman, 4; Washburne, 2; Conkling, 2; Hayes 2. Total, 126. Democratic—Tilden, 8; Bayard, 4; Hendricks, 2; Hancock, 2; Field, 1; Seymour, 1; Thurman, 8. Total, 24. Undecided 50.

Reno for Blaine.

The result of a hasty canvass on the streets and in the business places of Reno last evening, to get the drift of Presidential preferences, was as follows:

Republicans—Blaine, 25; Grant, 4; "Not for Grant, 3."

Democrats—Tilden, 7; Thurman, 4; Bayard, 3; Seymour, 2; Garcelon, 1.

TRUCKEE ITEMS.

From the Republican of to-day.

There are over ten million feet of logs on hand at the saw mills in this vicinity, awaiting the Spring run.

Two silver gray foxes were seen near Donner Lake yesterday.

Weather clear and cold; thermometer at night 20 degrees below zero.

The sale of the furniture of the large hotel at Hot Springs is advertised to take place Monday, under execution on a judgment obtained in the case of Kelley vs. Campbell.

The snow and ice on Donner is two feet thick. When the boys over there want fresh meat they go to an air hole in the ice and bring out a few pounds of as pretty speckled trout as were ever caught.

Of the mills around Truckee, Ellen's, Schaeffer's, Richardson's and the Boca mill will start up early in the spring. Katz & Henry will run next month, and the mills of the Truckee Lumber Co. and the Clinton Mill will start as soon as the weather permits.

Doland, New York; S. Godchaux, Paris, France.

The Gravel Train Vote.

M. Ash tells a story about taking a vote on the cars. Just previous to the last Presidential election he was on the cars one day, on an eastern road, and a canvass of the passengers showed a decided majority for Hayes. When this result was made known to an emotional Irishman of strongly Democratic views, he exclaimed: "Wait till the gravel train comes along and they take a vote on that. Then see where Hayes will be!"

District Court, King S. D.

The proceedings in the District Court this week have been of little interest to the general public. Little progress has been made on the calendar for the past few days.

Yesterday afternoon the demurrer in the case of Short vs. Pierce was argued and taken under advisement. The case of D. W. O'Connor vs. North Truckee Ditch Company is still on trial.

The Reform Club.

The Reform Club meeting this evening should draw a crowded house, as the programme is attractive. Rev. Mr. McKelvey delivers the address. His subject is "The Influence of the Beautiful." There will be music, singing, recitations, etc., as announced. Dancing will follow as usual.

More Cattle in Market.

Three or four hundred head of cattle were driven into town from the North this morning. They will be sold here for the Virginia or San Francisco market. Bill just look at this bundle. Well I should smile, the bundle is bigger than yourself. Ha ha ha, but the best joke of all is, the whole business cost me only $7 38. You see, I have 13 yards of dressgoods, for $1 50; lining, for waist and skirt, 40 cents; thread 5 cents; braid 6 cents; 1 dozen buttons 12½ cents; 3 pairs stockings 50 cents; a shawl for 50 cents; one nice felt skirt 75 cents; 10 yards cotton-flannel for $1; 12 yards bleached cotton-flannel for $1; 4 yards scarlet flannel for $1 and a whole bolt of rushing for 50 cents. Where in thunder did you get it all? At Sol. Levy's. You bet that is the place to buy your goods. dec10

JEWELRY

$75.00 worth for $15.00.

—AND A—

Solid Abyssinian Gold Watch

FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for $1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of $2 50; on receipt of $1, articles to the value of $5, and so on throughout the entire list. Below we give a list of the most valuable of these goods.

The American Stockman, Sept. 11, says: "We believe this institution perfectly sound and responsible, and consequently persons need have no hesitation about sending for what they desire."

As to our responsibility we also refer you to the following firms: Blomgren Bros., 162 & 164 So. Clark St., Chicago, Ill.; Miller, Wagner & Umbdenstock, 119 So. Clark St., Chicago.

Treat all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the alter of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure,

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.

P. S. For private diseases of short standing a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars.
